Back when my oldest son was playing for Lenape Valley Little League, I would video tape the action. At the end of the season the team would have a party to hand out awards. At that time I would present each player with an edited video with background music of the team in action. This expanded to wrestling and football when my youngest son participated in both sports.

Coaches that have seen my work asked me if I would put together a video of their team, this is my answer for them. I have created a video package for a team that will focus on the action, triumph and fun that makes each kid look special.

I will film two games (your choice) and one practice (again your choice), including warm-ups, player introduction and post-game. Then edit it with a soundtrack and special effects to create a special memory that their kids will see years from now.

Each player will have a permanent keepsake of their sporting experience for as little as \$25.00 each. I would be happy to provide you with a copy of past DVDs to view.

If you're interested in offering your team a video highlight of your season, please contact me soon. I look forward to hearing from you.

Sincerely
