Each photo appears on the screen for 6 to 8 seconds. A general rule is the number of photos divided by 10 to get the total minutes of the video. (Example: 50 photos divided by 10 equals 5 minutes)

PREPARING YOUR ORDER:

A few steps to help get your photo's ready:

1. **Number your photos**

- Number all photos in the order that you want them to appear in your transfer. Each photo should be numbered on the back using pencil on an adhesive label if possible. DO NOT use "Post-It Notes" as they often fall off and could delay your order. If you are writing directly on the back of the photo and you omit or miss number a photo, add a letter to the number (i.e. 1, 2, 3, 3a, 4, etc.).
- When numbering your photos, please underline all numbers as the numbers 6 and 9 can be confused with each other. DO NOT use ink or marker on the back of your photos as it can damage the photo behind it.

2. **Select an Opening and Closing Title**

"Happy 40th Birthday Jim", "Happy Anniversary Ken & Dawn"

3. **Background Music**

Music on CD. You may request a group of photos to correspond with a particular song. To accomplish this, you need to provide the audio CDs and instructions with your order (i.e. Envelope No. 1 - photos 1-35, CD title, song title, and track number).

4. **Complete the Order From and Mail to:**
